2. Faculty Workload Report

REPORT: Legislation enacted by the 65th Texas Legislature requires that each general academic institution in Texas file a Faculty Workload Report with its respective governing board within 30 days following the close of registration. For faculty members who do not meet the minimum standard requirement, the report indicates what fraction of time is paid from Faculty Salaries, what other assignment is made for the remainder of the faculty members' time and the source of funds for payment of salaries other than the appropriation item, "Faculty Salaries." In compliance with this legislative requirement, the Faculty Workload Report was filed with members of the Board of Regents through Administrative Notes for October 9, 1978 and is mentioned at this time in order to make this report a part of the official record of the university as an attachment to the minutes of

this meeting.
